W e l c o m e

Welcome to 2004!

Welcome Blacksburg! To our Summer 2004 Brochure. The Recreator has lots to offer with new camps and programs for all ages. I hope you take advantage of all we offer.

We have been extremely diligent over the winter months with the installation of our new software RECTRAC; that will enable us to serve you better. We are currently building our database, learning to use the new software and making sure that everything is in order. Our goal is to register you and your family using computers for our Fall Registration.

Also, summertime means enjoyable weather so please visit a park, take a walk on our greenways, or join a league and you will discover that our parks and programs are the hidden treasures of Blacksburg.

Sincerely,

Municipal Golf Course

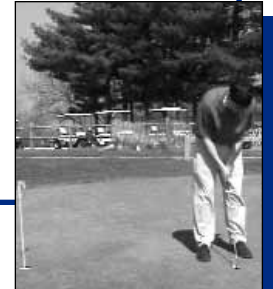

Summer Programs 2004

The Hill is the perfect golf course for all types of players. Beginners will appreciate the short layout. Tight fairways and small greens will challenge the seasoned golfer. The nine-hole track offers an ideal getaway for the person who can't devote five hours to a round of golf. Parents can play nine and still pick up their kids from school.

Businesses can easily schedule a nine-hole league after work. Or, you can play all day for as little as \$12. Offering the best views in Blacksburg, you haven't really played golf until you've made it over The Hill.

We are not only here to teach people but to give everyone a chance to get out and do something fun and enjoyable. All of our class sizes are limited so there is plenty of opportunity for one on one discussion and teaching. We strive to give our participants opportunities to learn and grow within each activity, from the beginners to intermediates. Regardless of abilities, we want to provide an

experience where everyone can learn something new in a fun and safe environment. Our philosophy is simple: To keep people safe, to educate and to have fun.

CLASS DESCRIPTIONS

WATER BABIES (6-18 months) (Parent's Participation Required)

The goals of Water Babies is to provide experiences and activities for parents and children to: learn how to enter and exit the water safely, feel comfortable in the water, submerge, explore buoyancy, change body position in the water and learn about choosing and using life jackets.

WATER BUGS (18-36 months) (Parent's participation required)

The goals of Water Bugs are to provide experiences and activities for parents and children to Learn how to enter and exit the water safely, feel comfortable in the water, submerge in a rhythmic pattern, explore buoyancy, perform combined strokes on front and back, change body position in the water, and learn about choosing and using life jackets.

LEVEL 1 – GUPPIES (3-5 years) (Parent's Participation Required)

The objective of Level 1 is to help participants feel comfortable in the water and to enjoy the water safely. Elementary aquatic skills taught at this level provide the skill base that participants build on as they progress through the Learn to Swim levels.

LEVEL 2 – SEA TURTLES (5+ years)

Prerequisite: Level 1 or must be able to demonstrate requirements for level 1. The objective is to give participants success with fundamental skills. Participants learn to float without support and recover to a vertical position. This level marks the beginning for true locomotion skills. Participants explore simultaneous and alternating arm and leg actions on the front and back to lay the foundation for future strokes.

LEVEL 3 – STING RAYS

Prerequisite: Level 2 or must be able to demonstrate requirements for level 2. Participants will learn to coordinate the front crawl and back crawl. Elements of the butterfly and the fundamentals of treading water will be introduced at this level. Participants will also learn rules for diving and begin to dive from the side of the pool.

LEVEL 4 - SWORDFISH

Prerequisite: Level 3 or able to demonstrate requirements for level 3. Participants improve their skills and increase their endurance by swimming familiar strokes for greater distance. Participants continue to build on the butterfly and introduce the elementary backstroke, breaststroke and elements of the sidestroke. Basics for turning at a wall are also introduced.

LEVEL 5 – DOLPHINS

Level 6 is designed with "menu" options – Personal Water Safety, Fitness Swimmer and Lifeguard Readiness. Each of these options focus on preparing participants to participate in more advance courses, such as Water Safety Instructor and Lifeguard Training, or other aquatic activities, such as competitive swimming or diving.

The shortest mile distance across each state has been listed in each “State Plaza” of the game board. Each participant purchases a “Passport” log sheet for their desired state and begins logging their swim distances per visit. When a state is completed, the “Passport” is turned in and completion incentives are awarded.

The fee for each passport is \$5.00.

For more information about this or any other programs
call the Aquatic Center at 961-1852.

Please Note: The old Swim and Stay Fit Program will end on July 1, 2004. Participants will need to finish the tracking sheets and turn in miles for the proper rewards.

ADOPT A PARK

Town citizens have several opportunities to contribute to the beauty of the community. Groups, clubs, or individuals can volunteer to help maintain the Town's parks and public spaces in one of two ways; volunteers can remove litter from adopted areas four times per year or participate in a seasonal project such as painting playground equipment, pruning shrubs and small trees, or maintaining a flower bed. Please call 961-1142 for more information. We encourage all interested parties to become part of the Adopt A Park program.

DONATE A PARK BENCH, GAZEBO OR TREE

in honor and memory of a loved one. Please contact us so we can discuss all the grand possibilities.
